Occupancy Restrictions in Locations Operating the Green Pass

The events and activities that take place within the Green Pass framework are divided into two types:

1. Seated events with no food

(such as sporting events in a hall or stadium, or seated cultural concerts)

2. Events in which there is changing or mixing of crowds, or where food is served

(such as weddings and celebrations, clubs, classes with mixed participants, conferences where food is served, standing concerts, public sporting events such as marathons and competitions)

In these events the occupancy is:

Up to 50% of the location's maximum occupancy without exceeding 750 people outdoors and 300 people indoors

Events which are held in a location with both an indoors and outdoors – up to 750 people

In indoor locations which have:

Up to 5,000 seats – it is permitted to host up to 75% capacity and no more than 1,000 people

More than 5,000 seats – it is permitted to host up to 40% capacity and no more than 4,000 people

In outdoor locations which have:

Up to 10,000 seats – it is permitted to host up 75% capacity and no more than 3,000 people

More than 10,000 seats – it is permitted to host up to 30% capacity and no more than 10,000 people, and in

cases where there is less than 5,000 people in the location, seating shall be in every other seat

Occupancy Restrictions in Locations Operating the Purple Pass

In locations operating the Purple Pass there are restrictions on occupancy and distancing

Distance of 1:15 meters squared per person or in specified locations

In any case – basic restrictions on occupancy are as follows:

20 people indoors

100 people outdoors

100 people in locations with both indoor and outdoor areas
